

RYAN MEDICAL PHARMACY AT MERCY MEDICAL CENTER BEDSIDE DELIVERY SERVICE NOW AVAILABLE!

To ease the transition of discharge from the hospital to resting at home, we have teamed up with Ryan Medical Pharmacy to offer a FREE convenient hospital bedside delivery option for prescription medications. Patients can have their prescriptions quickly filled and delivered directly to their room prior to being discharged.

The benefits to the patient include:

- We bring the pharmacy to you; no extra stop on way home
- Most insurance accepted; insurance verification done to streamline authorization
- Pharmacist available to answer questions about discharge medications
- A pharmacist will make a follow-up call in 72 hours to address any side effects, review your medications and talk about your next steps towards healing
- Ryan Medical Pharmacy can transfer the script to any other "home" pharmacy for future refills, or continue filling them and delivering them to your home at no extra charge

Beyond providing an easy, time-saving option for obtaining prescriptions, the Ryan Medical Pharmacy can also help improve patients' compliance to take medications as prescribed by their physicians, which in turn, can help speed recovery.

Also, ask about the free home delivery service to the local community.

The Ryan Medical Pharmacy located on Mercy's campus inside the Ryan Medical Arts Building, 2000 N. Village Avenue, Suite 107, Rockville Centre, NY 11570
